Approved Online Course Fees

Course Code	Course Title	Total Amount	Items Included in Fee
Selected online courses	Selected online courses	\$35-\$50	Online learning fee in lieu of a textbook for selected courses (fee applied at the section level). Affordable digital books are a good solution for moderating student textbook costs and support the college initiative for sustainability. The typical model for partners providing digital texts pilots is a yearly licensing fee paid by the college. The fee would be used to recoup a portion of the licensing fee.
