A student selects the grade option at the time he or she registers for the class:

- The default or Automatic Grading Option is the letter grade option. If Audit is selected (“AU”) the student has registered for the class and is not required to submit papers or take exams; however, all risk management and student conduct requirements will still apply. No grade points or credit hours are earned and the course may be retaken at a later date for credit.
- If the Pass/Fail option is selected, a “P” is given if the equivalent of a “C-” or better is earned in the course.
