Section I: Introduction

Colorado Mountain College (“CMC”) is a statutory local college district established in 1965. The district and service area cover 12,000 square miles in all or part of nine counties. CMC offers 77 certificates, 54 associate degrees and 5 bachelor’s degrees.

The long-standing investment from our communities allows us to keep our quality high, our tuition affordable and our access wide open. Eleven world-class mountain locations in central Colorado enable big-school opportunities in small, personal settings. Our unusually strong local partnerships create rich experiences for real-world learning and careers. The result? Proven student success that makes Colorado Mountain College a choice that’s uniquely smart. For additional information about CMC, please go to www.coloradomtn.edu.

CMC reserves the right to make multiple awards resulting from this RFP or to award no contract at all.

CMC uses the Rocky Mountain E-Purchasing System (“BidNet”) to post solicitations and any supporting or additional information, including Addenda, Bid Sheet, and awards. Proposals must be submitted prior to close on BidNet. CMC cannot accept a response that did not come through the right channel on time. Visit <http://www.bidnetdirect.com/colorado> for help with customer service or other questions. Please make sure to leave time for unexpected technical or other trouble. You are encouraged to submit a day early. Sometimes submittals take longer to load than expected; if you run out of time before you are finished with your entire upload CMC will not be presented with the response.

The only exception to the use of BidNet is that all questions from potential bidders must be submitted to bids@coloradomtn.edu. Those questions will then be responded to by addendum posted to BidNet.

Please do not directly contact any member of CMC’s staff or faculty, or any member of the Selection Committee other than the Buyer listed in this document regarding this proposal. Any attempt to do so will result in your firm’s disqualification at the discretion of the Director of Purchasing and Contracts.

▶ SCOPE OF PROJECT

CMC is requesting qualifications from qualified firms and/or individuals to provide General Contracting services for CMC’s On-Call Small Construction Project Program (the “Program”).

The pre-qualification will be in effect for a one (1) year term. In the past year, three projects have become available under the Program. We currently have a list of 8 General Contractors in the Program. This RFP would add to that list.

It is the intent of the Program to select those General Contractor firms that are capable of successfully executing construction projects in occupied education environments/spaces without incurring disruption of on-going programs.

Projects to be bid under the Program shall not exceed \$250,000 for General Contractor services. Pre-qualification under this RFP is not a guarantee of work on any specific project and CMC reserves the right to publically bid any construction project under \$250,000.

#846-19P Small Project General Contractor

General Contractors that meet the pre-qualification requirements may be invited to provide a documented cost proposal on projects that become available under this Program. A standard CMC Purchase Order Terms & Conditions, Independent Contractor Agreement or Construction Agreement (depending on scope of project) will be entered in to with the selected General Contractor for each specific project.

All projects on the CMC Campuses must comply with current code requirements and selected General Contractors must verify field conditions and identify and correct any issues that are not code compliant in the immediate area of each project. Contractors will be required to obtain all permits, when required, for each project.

▶ PROPOSAL CONTENT

The information provided herein is intended to assist Bidders with a proper response to this RFP. CMC believes that this RFP provides interested Bidders with sufficient information to submit proposals that meet minimum requirements. However, the RFP is not intended to limit a proposal's content or to exclude any relevant or essential data. Bidders are encouraged to include additional information that will substantiate their service capabilities, product quality, and commitment to support your product or service. Any exceptions or alternate offerings to this request must be communicated. CMC reserves the sole right to determine what is considered to be "equivalent" or "equal". CMC also reserves the right to request samples for testing and evaluation.

Additionally, CMC recognizes you as the expert in this industry and we appreciate ideas that may improve the design or implementation of our project. Please submit your bid to the specifications provided and include information or ideas you may have that CMC should consider to improve our project. Our selection committee will carefully review these ideas and we will contact you with questions.
