

RFP #882-20P Residence Hall Remodels

**Addendum 002
Issued March 2, 2020**

1. I am reviewing the addendum posted to Rocky Mtn. in regards to Residence Hall Remodels. It appears the addendum is split into two different sections. One for Sopris Residence Hall and one for the Hill Hall Residence Hall. Under the Hill Hall Residence Hall Remodel section there are questions about altering the bid tab to include more of a break out. Does this also apply to the Sopris hall remodel project?

No.

2. Can CMC provide an updated bid schedule for all contractors to use for these projects?

A revised Bid Schedule will not be provided.
Prospective bidders simply have been given the option to break out additional line items.
This is not a requirement nor will it alter the bid decision.

3. Under questions four (4) of the Hill Hall remodel it addresses owner provided material. According to the addendum the accordion doors and some base are to be provided by the Owner. Does this hold thru for the Sopris remodel as well?

Sopris Hall: Accordion Door and Base to be provided and installed by General Contractor
